### Key Attribute

Value-based philosophy with long-term horizon  
Momentum-orientation with quantitative and fundamental inputs

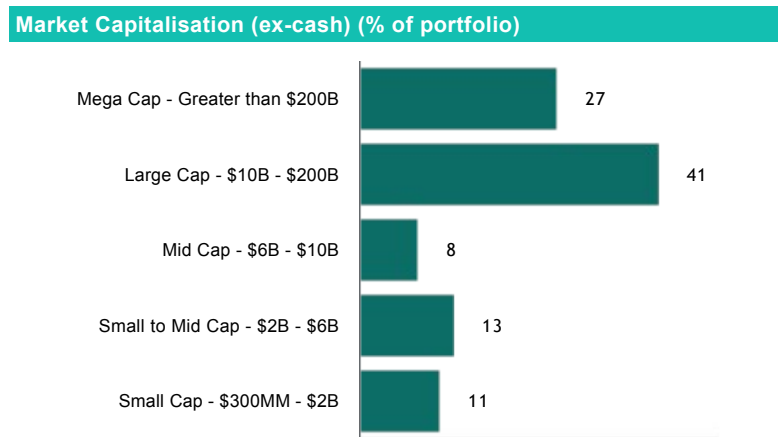

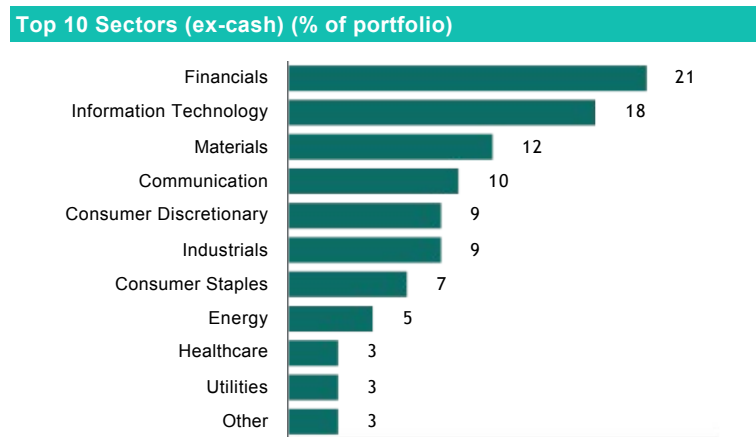

**The data refers to past performance. Past performance is not a reliable indicator of future results.**

Performance: monthly Fund returns are based on the percentage change in the net asset value per share, after adjusting those values to include any reinvestment of dividends, interest and capital gain distributions. Monthly returns are linked geometrically to determine quarterly and annual returns. Gross returns are calculated by adjusting the monthly net return to exclude Administration, Trust and Custody fees. Fees would reduce the returns shown. Standardised Performance: Performance figures are shown on a mid-to-mid basis, inclusive of any net reinvested income and net of the annual management charge and all other fund expenses.

## Principal Risk

- Equities are subject to material market risk. Their values tend to be volatile and can decline quickly or over extended periods of time.
- Securities from emerging markets issuers may have greater susceptibility to certain risks compared to securities from developed market issuers. These include liquidity, exchange rate, political, credit, operational and regulatory risk.
- Fund assets in currencies other than the base currency of the Fund may expose the Fund to loss if the currency of those assets falls in value relative to the base currency.
- For further details of the risks, please refer to the Fund's prospectus.

## Important Information

Benchmark performance prior to 1 June 2018 is that of the prior benchmark, the MSCI Pacific ex-Japan Index (Net). On 2 January 2019, the SGMF Pacific Basin (Ex Japan) Equity Fund became the SGMF Asia Pacific (Ex-Japan) Equity Fund. Past performance is not a reliable indicator of future results. Investment in the range of SEI's Funds is intended as a medium- to long-term investment. The value of an investment and any income from it can go down as well as up. Investors may get back less than the original amount invested. Returns may increase or decrease as a result of currency fluctuations. Additionally, this investment may not be suitable for everyone. If you should have any doubt whether it is suitable for you, you should obtain expert advice.

No offer of any security is made hereby. Recipients of this information who intend to apply for shares in any SEI Fund are reminded that any such application may be made solely on the basis of the information contained in the Prospectus. This material represents an assessment of the market environment at a specific point in time and is not intended to be a forecast of future events, or a guarantee of future results. This information should not be relied upon by the reader as research or investment advice regarding the funds or any stock in particular, nor should it be construed as a recommendation to purchase or sell a security, including futures contracts. The Fund, or some of its underlying assets may hold derivatives, or borrow to invest. This can make the Fund more volatile and investors should expect above-average price increases or decreases.
